INTRODUCTION

I'm a passionate programmer, a problem solver and a music lover :)

EDUCATION

University of Colombo School of Computing (UCSC)	<i>2018 - Present</i>
Bachelor of Science in Computer Science	GPA: 3.98
Expected graduation in January, 2022	
Ananda College, Colombo	<i>2008 - 2016</i>
Secondary Education	

WORK EXPERIENCE

University of Colombo	October 2020 - Present
<i>Research Intern</i>	

- I'm researching about robust music fingerprinting techniques based on deep neural networks that can be used for music identification.

Vudoir Hub S.L.	January 2019 - Present
<i>Software Engineer - Part Time</i>	

- It's a fashion based startup. I re-engineered their monolithic architecture(then), to a scalable and cost effective, micro-services based system on top of GCP. Currently working to improve and add new features to the system.

The AI Team	October 2018 - Present
<i>Co-founder, CEO and Software Engineer</i>	

- It's a startup that offers software development services. My role includes managing and mentoring the team members, and creating application architectures for projects.

99x Technology	2017
<i>Associate Software Engineer, Intern</i>	

- Worked on multiple client projects, with Angular powered front-ends and, AWS and Microsoft Azure powered back-ends.

ACHIEVEMENTS

Took part and won national and international competitive programming competitions and innovative application building competitions during secondary school.

Competitions: APICTA Awards 2014, National Olympiad in Informatics, National Schools Software Competition, Junior Inventor of the Year, Young Computer Scientist

VOLUNTEERING

Acted as the program coordinator for National Olympiad in Informatics 2019, and 2020. Was the Sri Lankan delegation team leader at International Olympiad in Informatics 2019.

AESTHETICS

I act as the chairperson of the ACM Student Chapter of UCSC. I play the guitar and keyboard as a hobby. I was an oarsman at the University of Colombo (UoC) rowing crew from 2018 to 2019. Represented UoC at Sri Lanka University Games 2019.
