INTRODUCTION

I'm a passionate programmer, a problem solver and a music lover :)

EDUCATION

University of Colombo School of Computing	<i>2018 - Present</i>
Bachelor of Science in Computer Science	GPA: 3.98
Expected graduation in January, 2022	
Ananda College, Colombo	<i>2008 - 2016</i>
Secondary Education	

WORK EXPERIENCE

Vudoir Hub S.L.	January 2019 - Present
<i>Software Engineer</i>	

- It's a fashion startup, that offers consultation to consumers shopping on e-commerce websites. I re-engineered its monolithic architecture(then), to a scalable and cost effective, micro-services based one on top of GCP and Firebase. Currently working to improve and add new features to the system.

The AI Team	October 2018 - Present
<i>Co-founder, CEO and Software Engineer</i>	

- It's a startup that creates custom ML based solutions, and web applications for clients. My role includes managing and mentoring the team members, and creating application architectures for projects.

99x Technology	2017
<i>Associate Software Engineer, Intern</i>	

- Worked on multiple client projects, with Angular powered front-ends and, AWS and Microsoft Azure powered back-ends.

ACHIEVEMENTS

Started coding at age 11. Took part and won national-level competitive programming competitions and innovative application building competitions during secondary school. Won a gold award at the Asia Pacific ICT Alliance Awards 2014 competition for creating a low-cost eye gaze tracking system.

(Local competitions: National Olympiad in Informatics, National Schools Software Competition, Junior Inventor of the Year, Young Computer Scientist)

VOLUNTEERING

Took part in the organizing of the National Olympiad in Informatics (NOI) program. Currently volunteering as the program coordinator for the NOI 2020 program.

TECHNICAL STRENGTHS

Programming languages	Typescript, C++, (HTML and CSS)
Technologies & Frameworks	Node.js, Angular, React, Vue, Google Cloud Platform, AWS

AESTHETICS

Playing guitar and keyboard as a hobby. I also play for the University music band.

I was an oarsman at the University of Colombo (UoC) rowing crew from 2018 to 2019. Represented UoC at Sri Lanka University Games 2019.
